Advanced Glow Cream

For a Flawless, Glowing Complexion
with Vitamin C & Alpha Arbutin

55 mm

110 mm

DESCRIPTION

Deep penetration of the vitamin-infused brightening ingredient into the skin layers produces a healthier and more flawless complexion. It aids in the treatment of melasma, acne scars, and hyperpigmentation. Your skin will appear healthier and younger thanks to a special vitamin mix that has been added. Results can be seen after 25 days of regular use. Contains SPF 15.

INGREDIENTS

Phyllanthus Emblica Extract, Sodium Ascorbyl Phosphate, Alpha Arbutin, Kojic Acid Dipalmitate, Ascorbyl Palmitate, Niacinamide, Hyaluronic Acid, Vitamin B₃, Fragrance.

CAUTION

If irritation develops, discontinue use. Avoid contact with the eyes. If the product does get into the eyes, immediately rinse with water. Close the lid tightly after use.

Batch Number: 378 SR
