PMS 2020 – GENERAL KNOWLEDGE PAPER

“PPSC had received a number of observations from the candidates on General Knowledge Paper relating to the correctness of the four given options to some of the questions in the Paper. All the observations/complaints were analyzed to verify the correct option in each case. It was found that there were four questions where more than one option could be taken as correct or the correct answer was not there in the given options. After due deliberations it has been decided that four marks will be awarded to all the candidates irrespective of their answers to these four questions.”
